C O N T E N T S

Essay

..... T. TAKANOHASHI (825)

Special Articles: Gasification Process

(Reviews)

World Gasification Process Development for SynGas Production

..... S. LIN (826)

Processes for Syngas Generation from Natural Gas

..... K. HIROTANI (835)

Reaction of Hydrogen and Synthesis Gas Production from Natural Gas

..... M. HARADA (845)

The gasification Process of Coal

..... T. SAKAGUCHI (852)

Catalyst for the Reduction of Biomass-Tar Derived from Biomass Gasification

..... T. FURUSAWA (859)

Special report: Chemical Reaction in a Special Reaction Field, Future as a Chemical Reactor Technology and High Performance of the Catalytic Reaction

(Preface)

Chemical Reaction in a Special Reaction Field, Future as a Chemical Reactor Technology and

High Performance of the Catalytic Reaction

..... M. HARADA (866)

(Reviews)

Development of Electrically Heated Alumite Catalyst for Steam Reforming of Multiple Fuels

..... H. KAMEYAMA (868)

Low Temperature Natural Gas Conversion Using Electric Discharge/Electric Field

..... Y. SEKINE, K. TANAKA, K. OSHIMA, T. SHINAGAWA (875)

Recent Development of Solid Oxide Fuel Cells in Academic Research and Demonstration for Commercial Applications

..... R. KIKUCHI (880)

Hydrogen Production Using Microreactor as a Special Reaction Field - Steam Reforming of Methanol

..... A. IGARASHI (886)

Original Paper

Investigation and Basic Research of a Small-Scale Methane Fermentation System Using Heat from a Hot Spring

..... T. SUZUKI, R. TAJIMA, C. TADA (892)

Experimental Study on Establishment of "Networking for Prevention of Blackouts"

to Eliminate the Electricity Supply Shortage and Evaluation of Its Power Saving Effect

..... K. TANAKA, T. IWATA, M. KIMURA, D. KATO, R. MATSUHASHI, K. YAMADA (900)

Technical Paper

Operation Characteristics of a Spark-Ignition Engine for Power Generation Fueled with Real Biogas

Produced with Low-Temperature Gasification

..... J. SHEN, A. AKRAMI, H. OKUNO, M. ARAKI, H. NAKAMURA, S. SHIGA (909)

Short Paper

Combining Delignification and Hot Compressed Water Pretreatments for Enzymatic Saccharification

..... T. YOSHIMURA, S. INOUE (915)

Technical Report

Feasibility of Bioenergy Utilization for Sustainable Agriculture:

A Case Study on Biomethanation and Ethanol Production in Thailand

..... T. YOSHIOKA, Y. MATSUMURA (923)

Lecture Note

Coal (16):

Coal Tar

..... N. FUKUDA (931)
