

C O N T E N T S

Essay

Formula and Principle .....T. KITAGAWA··· (1173)

Special Articles: Present Situation and Future Prospects of Japanese Feed-in Tariff System for Biomass

(Reviews)

Overviewing Biomass FIT  
..... Y. MATSUMURA··· (1174)

Current Situation of the Woody Biomass Power Generation  
.....K. TANAKA, Y. YOSHINO··· (1179)

Our Approach for Building the Green Circulation that Guards the Forests and the Community  
by Operating the Woody Biomass Power Plant  
..... Y. OSANAI, Y. NISHIKAWA, T. AYANO··· (1184)

Selection of Technical Systems Suitable for Small Scale Biomass Power Generation under the FIT scheme  
..... K. SASAUCHI··· (1188)

Small Scale CHP Systems Manufactured by Burkhardt and Volter  
.....H. NAKAGAWA··· (1194)

Spanner Wood Cogeneration Plant  
..... O. BARTENSTEIN··· (1198)

Status of, and Issues concerning, Biomass Power Generation in the Framework of FIT  
.....T. KIMURA··· (1204)

The Prospect of the Wood Biomass Heat Utilization in Japan  
..... M. TOMARI··· (1210)

Power Generation from Woody Biomass under the FIT Regimes in Germany and Japan  
..... M. KUMAZAKI··· (1215)

Special Articles: Future Vision of Japanese Industries toward 2050

(Reviews)

Future Vision of Power Generation in Japan toward 2050  
..... S. SAKAI, J. IRITANI, M. ONOZAKI··· (1225)

Various Aspects on the Supply of Fossil Fuel for the Domestic Energy Demand  
..... H. MIZUTA, M. HANAWA··· (1234)

Perspective of Hydrogen Energy System in 2050  
..... K. SAKATA··· (1243)

Future Perspective of Integrated Iron & Steel Making Process  
Focusing on Energy Saving Technologies and Waste Heat  
..... T. ONO··· (1251)

Current Status of Renewable Energy and Future Prospects of the Research and Development  
..... H. TAKAGI, K. SAKANISHI··· (1258)

Global Nuclear Power Development and Vision for 2050: Contribution to Climate Change Measures  
..... M. KOBAYASHI··· (1267)

Review

Outline of CO<sub>2</sub> Ultimate Reduction in Steelmaking Process  
by Innovative Technology for Cool Earth 50 (COURSE50 Project)  
..... H. UENO, S. ENDO, S. TONOMURA, N. ISHIWATA··· (1277)

Lecture Note

Unconventional Natural Gas (6)  
Coalbed Methane II The Origin and Resources of Coalbed Methane .....K. OHGA··· (1284)

## Abstract of the refereed papers

(Vol. 94, No. 10)

## Special articles: Biomass

- The Present Status and Future Scope of Bioenergy in Japan  
 ..... S. YOKOYAMA, Y. MATSUMURA··· (1289)
- Application of Cold-tolerant Marine diatom, *Mayamaea* sp. JPCC CTDA0820  
 to Low-Energy Cultivation Process for Stable Biodiesel Production  
 ..... M. MATSUMOTO, D. NOJIMA, K. IKEDA, T. YOSHINO, T. TANAKA··· (1290)
- Influence of Purification by Distillation Treatment of Biodiesel Fuel on Fuel Quality  
 ..... K. YAMANE, K. OSAKADA, K. KAWASAKI··· (1291)
- Effect of Amphiphilic Phospholipid Polymer Treatment  
 on Enzymatic Saccharification of Pulverized Japanese Cedar Powder  
 ..... S. SHINDO··· (1292)
- Hot-press Pretreatment of Rice Straw for Enzymatic Hydrolysis and Volume Reduction  
 ..... T. KITAGAWA, F. HASEGAWA, K. SAGA, Y. KAIZU, K. IMOU··· (1293)
- Utilization of *Jatropha* (*Jatropha curcas* L.) Wastes for Charcoal Briquettes  
 ..... C. A. CUARESMA, J. C. ELAURIA, D. C. SUMINISTRADO, M. M. ELAURIA··· (1294)
- Carbonization of Young Coconut (*Cocosnucifera*) Wastes  
 ..... V. S. MORALES III, J. C. ELAURIA, M. M. ELAURIA··· (1295)
- Converting Waste Agricultural Biomass into Energy:  
 Experiences and Lessons Learnt from a Capacity Building and Technology Demonstration Project in India  
 ..... S. P. CHANDAK, K. R. CHARI, M. A. MEMON··· (1296)

- Solar Spectrum Estimation and Impact of Input Parameters  
 ..... Y. XUE, J. HASHIMOTO, K. OTANI··· (1297)
- High-temperature Fermentation Technology for Low-cost Bioethanol  
 ..... M. MURATA, S. NITIYON, N. LERTWATTANASAKUL, K. SOOTSUWAN, T. KOSAKA  
 P. THANONKEO, S. LIMTONG, M. YAMADA··· (1298)
- Deploying a Solar Hybrid Technology in a Remote Oil and Gas Production Site  
 ..... R. CIMINO, V. BROCCO, F. CASTALDO, G. De GHETTO, M. FAVARETTO, T. AKMAL··· (1299)
- Measurement of Temperature Increase of Dried Coal on Exposure to Ambient Atmosphere  
 ..... K. MIURA··· (1300)

(Vol. 94, No. 11)

- Laboratory Experiment and Simulation of High-temperature Fluidized Bed Air Receiver  
 for Concentrated Solar Power Generation  
 ··· K. MATSUBARA, Y. KAZUMA, A. SAKURAI, T. KODAMA, N. GOKON, H-S. CHO, K. YOSHIDA, Y. NAGASE··· (1301)
- An Estimation Method for Solar Radiation Intensity Using a Web Camera  
 ..... A. TAKAHASHI, H. MORIO, J. IMAI, S. FUNABIKII··· (1302)
- Evaluation and Comparison of Intercontinental Renewable Energy Transportation System  
 ..... Y. ISHIMOTO, K. FUKUDA, K. SAKATA··· (1303)
- Effect of Pretreatment and Heating with Microwave on the Yield of Levoglucosan from Cellulose  
 Treated with an Ionic Liquid, 1-Ethylpyridinium Bromide  
 ..... A. MIYATA, H. MIYAFUJI··· (1304)
- Difference of Soda Cooking Characteristics between Wood Pellet and the Raw Wood:  
 Whole Wood Pellet as a Raw Material for Biorefinery (2)  
 ..... S. TOUNAI, H. NONAKA··· (1305)
- Study on Different Gas Outlet Positions in Measurement of Gravimetric Tar Contents in Biomass Updraft Gasifier  
 ..... A. SURJOSATYO, F. VIDIAN, Y. S. NUGROHO··· (1306)

- Introduction of Research Group (Kojima, Ichikawa and Miyaoka Laboratory, Hiroshima University) ..... (1307)
- Report on the 24th Annual Meeting of the Japan Institute of Energy ..... (1312)
- Report on the Biomass Summer Seminar 2015 ..... (1314)
- Entropy ..... (1316)     JIE Calendar ..... (1317)
- Bulletin Board ..... (1318)     From the Editors ..... (1320)
